ACRYLIC SOLID SURFACE SOLUTIONS

Premium Surfaces. Seamless Design.

---

01 — PRODUCT OVERVIEW

HANEX® Solid Surface

HANEX® Solid Surface is a high-quality Acrylic Solid Surface material manufactured in the USA, offering a combination of **durability, hygiene, design flexibility, and easy maintenance**.

Its non-porous surface and fabrication flexibility make it suitable for a wide range of commercial, healthcare, educational, residential, and specialized applications.

Innovative Technical provides **custom fabrication and installation** according to project requirements.

---

02 — KEY FEATURES

PERFORMANCE & DESIGN

- Non-Porous Surface
- Hygienic & Easy to Maintain
- Water & Moisture Resistant
- Stain Resistant
- Durable & Long-Lasting
- Thermoformable
- Customizable Designs
- Repairable & Renewable
- Class A Fire Rating
- Heat & Cigarette Burn Resistant
- Seamless-Looking Fabrication

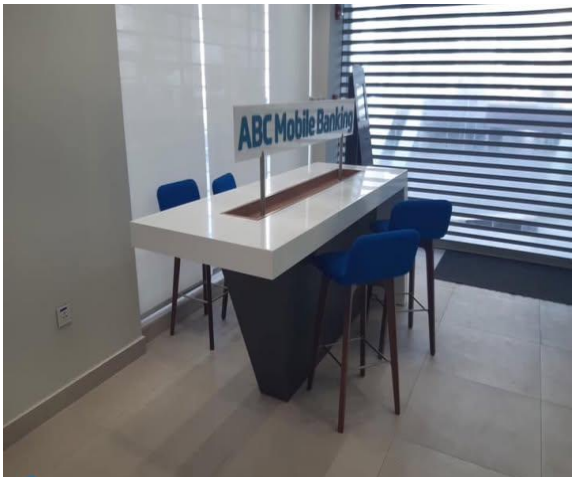

03 — APPLICATIONS

Solid Surface can be fabricated for a variety of applications, including:

COMMERCIAL

- Reception Counters
- Service Counters
- Retail & Office Interiors
- Commercial Worktops

HEALTHCARE

- Hospital Counters
- Healthcare Facilities
- Medical Reception Areas
- Nursing Stations

EDUCATIONAL

- Schools
- Universities
- Educational Facilities
- Specialized Workspaces

RESIDENTIAL

- Kitchen Countertops
- Bathroom Vanities
- Furniture Applications
- Customized Interior Surfaces

SPECIALIZED

- Wall Applications
- Signage
- Curved & Molded Elements

- Custom Architectural Features

---

04 — TECHNICAL SPECIFICATIONS

PROPERTY	SPECIFICATION
Material	Acrylic Solid Surface
Brand	HANEX®
Manufacturing Origin	USA
Standard Thickness	12 mm
Standard Sheet Size	3680 × 760 mm
Surface	Non-Porous
Fire Performance	Class A Fire Rating
Fabrication	Cutting, Routing, Sanding
Forming	Thermoforming
Customization	Available
Installation	Available according to project scope

DESIGN & FABRICATION

The material can be:

Cut → Routed → Sanded → Joined → Thermoformed → Finished

This allows the production of customized straight, curved, and molded designs according to project requirements.

05 — FABRICATION & INSTALLATION

CUSTOM SOLUTIONS

Innovative Technical provides customized Acrylic Solid Surface solutions based on project dimensions, design requirements, and intended application.

Our Service

Design & Consultation

Project requirements and dimensions are reviewed to determine the appropriate solution.

Fabrication
Sheets are processed using specialized cutting, routing, sanding, joining, and thermoforming techniques.

Finishing
Edges, joints, curves, and surface details are finished according to the approved design.

Installation
Professional installation is provided as part of the agreed project scope.

CARE & MAINTENANCE

Acrylic Solid Surface is designed for easy routine cleaning and maintenance.

For specific cleaning products, procedures, and maintenance requirements, the manufacturer's recommended care instructions should be followed.

---

06 — WHY INNOVATIVE TECHNICAL?

QUALITY MATERIALS

We use **HANEX® Solid Surface** for our Acrylic Solid Surface applications.

CUSTOM FABRICATION

Solutions can be manufactured according to specific dimensions and designs.

PROFESSIONAL EXECUTION

From fabrication to finishing and installation, attention is given to every project detail.

COMPLETE SOLUTION

We provide design, manufacturing, supply, and installation according to the project scope.

System Advantages

» Modular
» Durable
» Flexible
» Design friendly
» Decorative
» Easy to install
» Cost Efficient
» Maintenance free
